Ariadne’s Thread

Accessories

18 inch

Doll Clothes Hanger

Measurements:
Size: 15 cm
**Supplies needed:**

- Thin cardboard
- Corrugated cardboard
- Round wall hook ½ inch in diameter (approximately)
- Pencil, scissors, all-purpose adhesive

**Printing instructions**

- This pattern was designed to fit standard A4 paper (8 ½” x 11”).
- Print pattern piece at “Actual size”, “No scale” or at 100%. Check the scale against the 1 inch or 1 cm square provided.

**Instructions**

Trace the pattern to the thin cardboard twice. Do the same with the corrugated cardboard.

Cut out all the necessary details.

Make a small gap in the details from the corrugated cardboard. The gap length should be the hook helical part length.
Glue the both details from the corrugated cardboard together.

Then glue the thin cardboard details on both sides of the corrugated cardboard details you got on the previous step.

Glue the hook to the gap.
I recommend embellishing the hanger for your taste or purpose. You may paint it or make decoupage, etc.

I’d printed out a seamless pattern on a usual printer paper and just glued it to the hanger.
